✠ Truth Point Church | **Sermon-Based Community Groups**

Helpful Reminders: 1. A sermon-based community group gathers together to process and apply the preached word and develop deeper relationships together. 2. This group is not a fan club (applauding the preaching more than processing the text) and it's not a critique session (tearing down the preaching more than working through hard questions). 3. Our goal is to encourage and equip each other to be "doers of the word".

Sermon Series / Scripture Text:_____

Main Sermon Points / Headings: _____
